F3 — Independent Units Per Region (Wave 1.9, CORRECTED)
2024 test split only — NO calendar-day mislabeling
CRITICAL: 1 observ segment = 1 continuous period
of 168h-contiguous forecast windows.
Most regions have 2024-only test split → 1 segment.
Observ segments (168h embargo)
Canonical TCs (IBTrACS 2024)
Independent units (Coles 2001 declustering)
